**Subject:** USS Lead Introductory Meeting - PROPOSED - Tuesday, March 6th

All,

As you are likely aware, in December 2017 U.S. EPA issued a Unilateral Administrative Order to multiple Potential Responsible Parties directing them to clean up the soil in Zone 2 of the USS Lead Superfund Site. Those parties have agreed to comply with that Order.

With the beginning of the construction season swiftly approaching and planning efforts underway, EPA would like to propose and introductory meeting between key City personnel and key personnel from the contractors that will be conducting the remediation work in Zone 2 this construction season. The purpose of this meeting will be purely to open the communication avenues between all parties for efficient and effective coordination this construction season.

I would like propose a date of Tuesday, March 6<sup>th</sup> at 10:00AM (specific location in East Chicago is TBD). Please let me know if you have any potential conflicts on that date. I will send out a formal meeting (Outlook Calendar) invite next week.

Regards,  
Dan
